The HP ProBook 4 G1iR Notebook AI is designed for professionals on the move, offering a blend of performance, security, and sustainability. Powered by a 10-core Intel Core 5 processor, it delivers reliable performance with a clock speed reaching up to 5 GHz, ensuring tasks are completed efficiently. The device features a vibrant 14-inch WUXGA display with a native resolution of 1920 x 1200, providing crisp visuals and a wide viewing angle, making it ideal for presentations and collaborative work. Security is a priority with features such as a fingerprint reader, BIOS Absolute Persistence, and a chassis intrusion sensor, offering peace of mind for sensitive data. The notebook

also emphasizes sustainability, incorporating post-consumer recycled plastics and ocean-bound
