The HP EliteBook 8 G1i Notebook Next Gen AI combines advanced features with performance to meet the demands of modern professionals. With its Intel Core Ultra 7 processor, users can experience efficient multitasking and swift performance. The notebook is equipped with a vibrant 1920 x 1200 WUXGA IPS display, making visuals crisp and clear, perfect for presentations or creative work. Embedded privacy features such as an IR camera with a privacy shutter enhance security, allowing users to maintain their confidentiality in any environment. This notebook excels in connectivity, boasting multiple USB-C ports, including support for USB Power Delivery, alongside Wi-Fi 7 technology for fast wireless connectivity. Built to last, it features a MIL-STD-810H-tested chassis that provides durability and protection against various environmental conditions. The HP EliteBook 8
