The Lenovo ThinkBook 16 G9 AHP is designed to enhance productivity and creativity for professionals on the go. With a large 16-inch display featuring a resolution of 1920 x 1200 and anti-glare technology, users can enjoy bright and clear visuals even in challenging lighting conditions. The smart noise-canceling dual-array microphone combined with high-definition audio capabilities ensures sound quality for video calls and multimedia playback. Equipped with an AMD Ryzen 7 processor and 16 GB of DDR5 RAM, this notebook provides robust performance for multitasking and demanding applications. The 512 GB NVMe SSD offers ample storage and rapid data access. Additional features like the hybrid FHD/IR camera with a privacy shutter and Windows Hello enhance security while providing a convenient user experience. The MIL-STD-810H-tested build ensures
