Experience stunning visuals with the 27-inch LG UltraFine monitor, designed for those who seek quality and clarity in their workspace. With a native resolution of 3840 x 2160, enjoy 4K UHD content in vibrant detail, enhanced by a brightness of 400 cd/m² and a contrast ratio of 1200:1. This monitor supports HDR10 technology, certified by VESA DisplayHDR 400, delivering a visual experience with deeper colors and lifelike images.

Equipped with features such as Flicker Safe, Reader Mode, and Color Calibration, the LG UltraFine monitor ensures a comfortable viewing experience while minimizing eye strain. The anti-glare screen coating combined with wide viewing angles of 178 degrees means you can share your screen with others without sacrificing image quality. Adjustment options, including height, pivot, and tilt, allow for optimized ergonomic setups, making this monitor suitable for both work and play.
