The LG 32BR55UK-B monitor offers an immersive viewing experience with its 32-inch LED-backlit LCD display, providing a native resolution of 3840 x 2160. Enjoy vibrant colors with a color gamut covering 90% DCI-P3 and clarity enhanced by HDR10 capability. With a typical brightness of 250 cd/m² and a fast response time of 4 ms, this monitor is suitable for both work and entertainment, ensuring smooth visuals without lag or ghosting.

Designed with user comfort in mind, the ergonomic stand allows for height adjustments of up to 110 mm, along with tilt and pivot features for optimal viewing angles. The 3-side virtually borderless design enhances the aesthetic, creating a seamless multi-monitor setup. Integrated MaxxAudio technology and built-in speakers ensure quality audio output, while the USB 3.0/USB-C hub provides easy connectivity for your devices, making this monitor a versatile choice for any workspace or home setup.
