The Lenovo ThinkCentre neo 50a 27 Gen 5 offers a computing experience in a sleek all-in-one design. With a 27-inch Full HD display, users can enjoy vibrant visuals and an anti-glare feature that enhances usability in various lighting conditions. This system is equipped with a 10-core Intel Core 7 processor, delivering performance for multitasking and demanding applications. The addition of 512 GB SSD storage ensures fast boot times and ample space for important files.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Collaboration is possible with the integrated 5 megapixel webcam and dual array microphone, making video calls clear and engaging. The built-in stereo speakers provide audio quality, enhancing the overall multimedia experience. Furthermore, this device promotes sustainability with ENERGY STAR certification, ensuring it is both efficient and environmentally friendly.
