The Lenovo ThinkBook 14 G9 AHP is designed for professionals seeking a reliable and efficient laptop experience. Its 14-inch display delivers vibrant visuals with a native resolution of 1920 x 1200 and 400 cd/m<sup>2</sup> brightness, ensuring clarity in various lighting conditions. IPS technology enhances color accuracy and provides wide viewing angles, making it ideal for presentations and collaborative work. Equipped with an AMD Ryzen 5 processor and 16 GB of DDR5 RAM, this laptop handles multitasking with ease, while the 512 GB SSD ensures quick boot times and ample storage for important files. The dual array microphone with noise-canceling feature and high definition stereo speakers provide an excellent audio experience for virtual meetings and media playback. Additionally, a hybrid FHD/IR
