The Lenovo ThinkPad T14 Gen 6 is designed for those who demand performance and reliability in a portable format. Equipped with a 14-inch LED IPS display and a native resolution of 1920 x 1200, it offers vivid visuals while maintaining a sleek, anti-glare finish. This notebook features a powerful Intel Core Ultra 7 processor with 8 cores that ensures swift performance for multitasking with up to 32 GB of LPDDR5X RAM. With a durable design that includes carbon fiber and polycarbonate materials, it is MIL-STD-810H tested for resilience in various environments.

Connectivity options are extensive, with USB-C ports, HDMI, and USB4/Thunderbolt 4 capabilities.

The inclusion of a Realtek ALC3287 audio codec and Dolby Audio provides an enhanced audio
