The LG UltraFine 32UR550K-B is a 32-inch LED-backlit LCD monitor designed for desktop use, offering a native resolution of 3840 x 2160 for clarity and detail. With a brightness of 250 cd/m² and a contrast ratio of 3000:1, this monitor ensures vibrant images and deep blacks, while supporting 1.07 billion colors for a rich visual experience. Its 178-degree horizontal and vertical viewing angles allow for consistent image quality from various perspectives, making it suitable for collaborative workspaces or multi-user environments.

Featuring Smart Energy Saving technology and a flicker-safe design, this monitor offers an energy-efficient solution without compromising performance. The LG UltraFine also incorporates features like HDR Effect and Dynamic Action Sync for enhanced gaming experiences, as well as Black Stabilizer and Color Weakness Mode for improved accessibility. With a range of ergonomic adjustments, including height, tilt, and pivot capabilities, users can customize their viewing comfort for extended use.
