The Iiyama ProLite XUB3297QSNP-B1 is a 32-inch desktop monitor designed to enhance productivity and entertainment. With a native resolution of 2560 x 1440 and a dynamic contrast ratio of 80,000,000:1, this monitor delivers vibrant colors and sharp images, making it suitable for both professional and gaming environments. The matte screen coating reduces glare, while technologies such as Motion Blur Reduction and Flicker-Free technology ensure a comfortable viewing experience.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Its wide viewing angles of +89 to -89 degrees allow users to see the screen clearly from different positions. The monitor features built-in devices, including a KVM switch and USB hub, simplifying connections for multiple devices. The height, tilt, and swivel adjustments provide flexibility in display positioning, promoting ergonomic usage. With various connectivity options such as HDMI, DisplayPort, and USB-C, this monitor supports a range of setups, allowing for daisy chaining and seamless multitasking. The iiyama ProLite XUB3297QSNP-B1 is efficient with its energy consumption and compliant with multiple environmental standards, making it a responsible choice for users looking to balance performance and sustainability.
