Product Code: 302547

R5,317

The AOC Professional Q27P4U is designed for those who demand clarity and precision in their work. This 27-inch desktop monitor features a QHD resolution of 2560 x 1440, delivering image quality with vibrant colors and sharp details. The IPS technology ensures wide viewing angles of 178 degrees both vertically and horizontally, making it a suitable choice for collaborative environments. With a response time of 4 milliseconds, this monitor provides smooth visuals, essential for graphic work or gaming.

Equipped with Flicker-Free technology and Anti-Blue Light technology, the AOC Q27P4U prioritizes eye comfort, reducing strain during long hours of use. The monitor also boasts a dynamic contrast ratio of 50,000,000:1, ensuring deep blacks and bright whites for an enhanced viewing experience. Adjustable features such as height, tilt, swivel, and pivot ensure that it can be tailored to individual preferences, making it ergonomically sound and visually impressive.
