

AOC Q27G41ZDF 27inch QD-OLED 240Hz 0.3ms 400cd/m² HDMI 2.0 DP1.4

Model: Q27G41ZDF

Manufacturer: AOC INTERNATIONAL

EAN: 4038986183147

Product Code: 302564

R9,193

Experience gaming with the AOC Gaming Q27G41ZDF monitor, featuring a 27-inch Quantum Dot OLED display. With a native resolution of 2560 x 1440 and a refresh rate of 240 Hz, this monitor ensures smooth visuals and responsive gameplay. The 0.03 ms response time combined with a dynamic contrast ratio of 80000000:1 means that every detail in dark and bright scenes is rendered with precision, making it suitable for intense gaming sessions. Enjoy a wide viewing angle of 178 degrees horizontally and vertically, allowing for a comfortable view from any position. The monitor's MultiView feature offers flexibility for multitasking, while built-in technologies like AOC Shadow Control and Game Color Mode enhance your gaming experience further. With a sleek 3-sided frameless design and a textured finish, the AOC Gaming Q27G41ZDF performs well and fits stylishly into any desktop setup.
