

BENQ GW2790C **27inch IPS** **1920x1080 5ms** **300nits 144Hz** **sRGB HDMI USB-** **C**

Model: 9H.LNPLB.QBE

Manufacturer: BENQ

EAN: 4718755096976

Product Code: 302566

R3,317

The BenQ GW2790C is a 27-inch desktop monitor that offers a Full HD 1920 x 1080 resolution for an immersive viewing experience. With a 144 Hz V-Sync rate and 5 ms response time, this monitor is designed to deliver smooth visuals whether for gaming or work. The IPS technology ensures vibrant color reproduction and wide 178-degree horizontal and vertical viewing angles, making it suitable for various environments and user needs. Equipped with features like Flicker-Free technology, Low Blue Light Plus technology, and Color Weakness Mode, the BenQ GW2790C is built with eye-care technology in mind. The matte display screen coating and slim bezel design enhance the aesthetic while maintaining functionality. Multiple connection options including HDMI, DisplayPort, and USB-C make it versatile for different setups, ensuring compatibility with various devices.
