The AOC Gaming U32G4U is a 32-inch desktop monitor designed to elevate the gaming experience with its 3840 x 2160 resolution and fast IPS technology. The monitor supports a V-Sync rate up to 160 Hz, along with a response time of 0.5 ms, ensuring smooth gameplay and minimal motion blur. Its anti-glare coating and 178-degree viewing angles make it suitable for any lighting condition and viewing position. Equipped with a variety of features including MultiView, AOC Shadow Control, and Game Color Mode, this monitor offers enhanced customization for gamers. The 3-sided frameless design enhances immersion, while the built-in USB hub allows for easy connectivity of various devices. With HDR certification and dynamic contrast ratio of 80000000:1, the AOC U32G4U provides
