The AOC X24E4U is a 24-inch desktop monitor designed for users seeking clear and vibrant visuals. With a native resolution of 1920 x 1200 and TFT active matrix technology, this monitor delivers picture quality and detail. The anti-glare coating and a 1500:1 contrast ratio enhance image clarity, ensuring comfortable viewing even in different lighting conditions. The display supports a wide range of colors with 16.7 million color support, while flicker-free technology and an anti-blue light feature minimize eye strain during extended use.

Featuring versatile display adjustments, the X24E4U allows users to tilt, swivel, rotate, and height adjust the screen for an optimal viewing experience. A wide horizontal and vertical viewing angle of 178 degrees ensures that the picture remains consistent regardless of the viewing position. The
