The Philips Evnia 3000 27M2N3500PF is a 27-inch desktop monitor that offers a Quad HD experience, featuring a native resolution of 2560 x 1440. With a rapid V-Sync rate of up to 260 Hz and a response time of 0.3 ms, this monitor ensures fluid motion for gaming and multimedia. The TFT active matrix technology provides vibrant images, while the anti-glare coating ensures comfortable viewing in various lighting conditions. The monitor supports a wide color gamut, including 100% sRGB and 95% DCI-P3, making it suitable for creative professionals who require color accuracy and clarity. Its ergonomic design features tilt adjustments to enhance user comfort, and the multitude of OSD languages caters to a global audience.
