The AOC Gaming 24G4ZR is designed for an immersive gaming experience with its 24-inch display featuring a native resolution of 1920 x 1080. Fast IPS technology ensures vibrant colors and consistent image quality with a wide viewing angle of 178 degrees. With a refresh rate of 240 Hz, combined with a response time of 0.3 ms, gamers can enjoy fluid motion without motion blur. The monitor's anti-glare coating and Flicker-Free technology work to reduce eye strain during extended gaming sessions.

In addition to its performance, the AOC Gaming 24G4ZR prioritizes ergonomic comfort. Height, tilt, swivel, and pivot adjustments allow users to customize their viewing experience. Features such as Crosshair Display, Motion Blur Reduction, and Game Color Mode enhance gameplay, while Global
