The Philips 27B2N3500JH monitor is designed to enhance productivity and work efficiency with its 27-inch QHD display. Featuring a native resolution of 2560 x 1440, this monitor delivers sharp, vibrant visuals suitable for both professional tasks and leisure activities. Its anti-glare coating reduces distractions from reflections, ensuring focused work is comfortable and clear, while the built-in microphone and camera provide seamless video conferencing capabilities.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Equipped with an array of connectivity options, including two HDMI ports and a DisplayPort, this monitor caters to multiple device connections, simplifying your workspace setup. The height-adjustable stand allows for tailored viewing angles, along with tilt, swivel, and pivot features that support ergonomic comfort. With technologies such as Flicker-Free and Eyesafe, the monitor minimizes strain on the eyes, promoting better long-term health. This monitor performs efficiently while featuring materials made from 85% post-consumer recycled plastic and is ENERGY STAR certified.
