The GIGABYTE WINDFORCE MAX OC Edition graphics card delivers powerful performance and stunning visuals, making it a choice for gamers and creative professionals. Equipped with 8 GB of GDDR7 SDRAM, this graphics card supports a maximum external resolution of 7680 x 4320, enabling 4K display quality across up to 4 monitors. The advanced NVIDIA GeForce RTX 5060 Ti GPU architecture, coupled with 4608 CUDA cores, ensures smooth gameplay and performance in demanding applications.

Featuring the GIGABYTE WINDFOR cooling design with a dual fan setup, the WINDFORCE MAX effectively dissipates heat, ensuring optimal performance during extended use. The card also includes innovative features like NVIDIA G-Sync readiness, DLSS 4 support, and anti-bending plate to safeguard against wear and tear. With a memory speed of 28 Gbps and compliance with DisplayPort 2.1b standards, this graphics card is built for those who seek both performance and reliability in their visual computing experience.
