ensuring smooth graphics, making it a suitable choice for competitive gamers.

Equipped with AMD FreeSync Premium technology, the iiyama G-MASTER Gold Phoenix minimizes screen tearing and stuttering during fast-paced gaming sessions. The adjustable design allows for height, tilt, and swivel positioning, promoting ergonomic comfort for extended use. Additional features include a built-in USB 3.2 Gen 1 hub for convenient connectivity, advanced contrast ratio for deeper blacks, and various settings for reducing blue light and improving image quality. The combination of these features makes this monitor a valuable addition for gamers and professionals alike.
