working on projects or enjoying multimedia content. The monitor features a brightness of 300 cd/m<sup>2</sup> and a contrast ratio of 1300:1, enhancing the clarity and detail of images displayed. Equipped with advanced monitor features such as Flicker-Free technology and a Blue Light Reducer Function, this monitor prioritizes user comfort, making long hours of use much more manageable. With a response time of 1 ms and a refresh rate of 100 Hz, motion graphics are smooth and clear, achieving optimal performance whether gaming or streaming. Multiple connectivity options, including HDMI, DisplayPort, and USB-C, provide versatility, while a built-in USB 3.2 hub and Ethernet support further enhance functionality, making this monitor a valuable addition to any setup.
