The Iiyama GCB3482WQSU-B1 is a 34-inch curved desktop monitor designed to enhance productivity and gaming experiences. With a native resolution of 3440 x 1440 and an image brightness of 500 cd/m², it delivers visuals and clarity for all types of content. Featuring a response time of 0.6 ms and a refresh rate of 120 Hz, this monitor ensures smooth motion, making it suitable for gaming and video playback. The monitor supports AMD FreeSync Premium technology for synchronization and flicker-free technology that reduces eye strain during extended use.

The built-in USB 3.2 Gen 1/USB-C hub offers connectivity options for various devices. With multiple interface options including HDMI and DisplayPort, along with integrated cable management, the Iiyama monitor provides functionality and aesthetic appeal. Its height, tilt, and swivel adjustments allow for optimal viewing positions, ensuring comfort during long hours of use. The sleek design and various OSD language options make it a versatile choice for any workspace or gaming setup.
