R2,258

The Iiyama G-MASTER Black Hawk G2245HSU-B2 offers a versatile solution for gamers and professionals alike with its 22-inch display that features Full HD 1920 x 1080 resolution for crisp visuals. With a response time of 1 ms and a refresh rate of 100 Hz, this monitor ensures smooth playback, making it ideal for fast-paced gaming. It is equipped with AMD Adaptive-Sync technology, which helps eliminate screen tearing and stuttering, providing an immersive viewing experience. The monitor features a wide horizontal and vertical viewing angle of 178 degrees, ensuring consistent image quality from various positions. Additional features include blue light reduction and Flicker-Free technology, which enhance comfort during extended use. The monitor supports a variety of input signals, including HDMI and DisplayPort, making it compatible with a range of devices. Integrated cable management keeps your workspace organized, while the built-in USB hub adds convenience for peripheral connections.
