The Lenovo Legion Pro 5 15AHP10 is designed for the gaming enthusiast, offering performance and visuals. With an AMD Ryzen 7 processor clocked at 3.8 GHz and reaching up to 5.1 GHz in turbo mode, this notebook can handle demanding applications and gaming sessions. The inclusion of NVIDIA GeForce RTX graphics enhances the gaming experience, allowing for immersive gameplay and realistic graphics rendering.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The display features a 165 Hz refresh rate and 16:10 aspect ratio, optimizing performance and viewing experience. Equipped with Dolby Vision and low blue light technology, it ensures that gaming sessions remain visually comfortable. The dual array microphone, coupled with Harman audio technology and Nahimic audio, provides a high-quality audio experience that complements gameplay seamlessly. Designed for gaming and equipped with advanced audiovisual components, the Lenovo Legion Pro 5 delivers power and elegance in one package.
