Product Code: 303183

R5,726

The ASUS ZenScreen MB16NCG is a portable 16-inch LED-backlit LCD monitor designed to deliver visual experiences on the go. With a native resolution of 2560 x 1600 and a color gamut of 100% sRGB, this monitor ensures vibrant and accurate colors across various applications. Whether working on graphics, watching videos, or gaming, the 178-degree horizontal and vertical viewing angles provide consistent image quality from nearly any position.

The monitor is equipped with VESA Adaptive-Sync technology, allowing for smooth visuals without tearing, while a refresh rate of up to 155 Hz through USB-C and 120 Hz via Mini HDMI enhances responsiveness during fast-paced activities. Additional features like ASUS Splendid Video Intelligence Technology, Color Temperature Selection, and a flicker-free panel contribute to an enjoyable user experience, reducing eye strain during prolonged usage. The versatile USB-C interface supports DisplayPort Alt Mode and can provide power up to 65 W, making it an ideal companion for laptops and other devices.
