R3,667

The ASUS TUF Gaming VG279QE5A monitor features a 27-inch display with a Full HD resolution of 1920 x 1080 pixels, offering immersive visuals for gaming and productivity. This monitor utilizes IPS technology, ensuring vibrant colors and wide viewing angles of 178 degrees both horizontally and vertically. With a rapid response time of 1 ms and a refresh rate up to 146 Hz, it provides smooth visual performance during fast-paced gaming sessions.

The monitor is equipped with gaming features including ASUS GamePlus, Flicker-Free technology, and Extreme Low Motion Blur technology. These features enhance gameplay by reducing motion blur and improving overall visual clarity. Users can also take advantage of Shadow Boost technology,
