The PIXMINDS Lexip AR18 wireless mouse combines technology with ergonomic design for a user experience. Featuring a movement resolution of 4800 DPI, this optical mouse ensures precision and accuracy in every click. With six customizable buttons, users can streamline their workflow for efficiency. The scrolling wheel and backlighting enhance usability, making it ideal for both gaming and professional environments. Equipped with ceramic feet, this mouse glides smoothly across various surfaces, providing performance without interruption. The compact nano USB wireless receiver offers a reliable connection, while Wi-Fi compatibility ensures minimal interference.
