ASUS ZenScreen MB14AC is designed to keep you productive, wherever you are. It's the portable monitor with a hybrid USB-C signal solution(DP Alt mode+ USB 3.0), which means that it only needs a single USB-C cable for both power and video transmission. With a slim 9mm profile, and weighing just 0.59kg, ZenScreen MB14AC is also a compact 14-inch companion monitor to meet different needs for laptop users.
