The ASUS TUF Gaming VG249QM5A offers a powerful gaming experience with its 24-inch Full HD 1080p display. With a rapid V-Sync rate of 240 Hz and a response time as low as 0.3 ms, it delivers smooth visuals and minimal motion blur, making it ideal for fast-paced gaming. The monitor features NVIDIA G-SYNC compatibility and Adaptive-Sync technology, ensuring tear-free gameplay. Its 178-degree wide viewing angles and anti-glare coating provide an immersive visual experience from any position. Coupled with ASUS GamePlus and GameVisual technology, this monitor enhances gaming
