Experience immersive gaming with the ASUS TUF Gaming VG249QE5A, a 24-inch desktop monitor designed for performance and visual quality. With a native resolution of 1920 x 1080 and a rapid 1 ms response time, this monitor ensures fluid motion and clarity in every frame. The 146 Hz vertical sync rate enhances the gaming experience, providing smooth visuals without screen tearing or stuttering, complemented by Adaptive-Sync technology.
