GEEKOM Mini PC A5 Ryzen 7 5825U 16GB RAM 512GB + Win11 Pro

The GEEKOM A5 is the ideal solution for people who need a powerful computer, but want to save space on their desk. This practical Mini-PC is distinguished by its compact size, and thanks to the included VESA mount it can be stably mounted anywhere. It is equipped with an 8-core AMD Ryzen™ 7 5825U processor, 16 GB of DDR4 RAM and an ultra-fast 512 GB SSD. Built-in AMD Radeon™ Vega 8 graphics ensure smooth performance in graphics programs, while editing video or playing popular titles, and the installed Windows 11 Pro makes the PC ready to go almost right out of the box.

Powerful processor for special tasks

The GEEKOM A5 is powered by an 8-core and 16-thread AMD Ryzen™ 7 5825U processor, which reaches a maximum clock speed of up to 4.5 GHz. With its Zen 3 architecture and TSMC 7nm FinFET technology, it offers high energy efficiency and great performance for a variety of tasks - from daily office work to video editing to gaming sessions.

Fast RAM and SSD drive

The Mini-PC A5 is equipped with 16 GB of DDR4 3200 MHz RAM, allowing you to switch smoothly between applications and work comfortably. There's also a 512GB M.2 2280 PCIe Gen 3 x4 SSD for lightning-fast booting, fast program loading and express file transfer.

Rich set of ports - connect everything you need

The GEEKOM A5 offers a wide selection of ports, including three USB-A 3.2 Gen 2 ports, two USB-C 3.2 Gen 2 ports, one USB-A 2.0 port, one 3.5mm headphone jack, one RJ45 LAN 2.5G port, one SD card reader and one DC jack, So you can freely connect peripherals, storage media or monitors to your computer. And if you want to further secure your equipment against theft, use the Kensington Lock slot.

Connectivity at the highest level

The A5 is equipped with Wi-Fi 6E, which ensures fast and stable Internet transmission even on crowded networks. What's more, thanks to Bluetooth 5.2, you can wirelessly connect headphones, keyboard, mouse or other accessories to it - without lag or interference. And the RJ45 2.5 GbE port guarantees a reliable wired connection, ideal for local networking, transferring large files or online gaming.

Compact form factor and mounting flexibility

The GEEKOM A5 combines impressive performance with a compact size - it won't take up too much valuable space and will work well even on a small desk. You can also mount it behind your monitor using the included VESA mount. The minimalist, elegant design makes the device fit perfectly into any workspace.
