sharpness of details and excellent visibility in all lighting conditions.

## **Phone calls without pulling out your smartphone**

With the Blitzwolf BW-AT6 Plus, you'll never miss an important call. With Bluetooth HD, you can receive and make calls without having to take your phone out of your pocket. The high sound quality and clarity of the calls will provide you with comfort and convenience, and the ability to talk hands-free is an added advantage for everyday use.

## **Powerful battery, long-lasting use**

Forget about frequent charging! The Blitzwolf BW-AT6 Plus watch has a powerful battery with a capacity of 600 mAh, which ensures a long working time of the device. This ensures that the watch is always ready for action, regardless of the conditions and intensity of use. Enjoy the functionality of the smartwatch for a long time without the need for frequent charging!

## **Full control over your health**

Blitzwolf BW-AT6 Plus is not just a watch, it is also your personal health assistant. With heart rate and blood oxygenation monitoring functions, you can check the condition of your body at any time. The watch provides accurate fitness information for better health and activity management. With more than 100 sports modes, the Blitzwolf BW-AT6 Plus is ready for any physical activity. Whether you're running, biking, doing yoga or climbing, the smartwatch will provide you with accurate performance data. So you can track your progress and motivate yourself to perform even better.

## **Convenient hands-free operation**

The advanced technologies used in the Blitzwolf BW-AT6 Plus smartwatch allow for convenient voice control. Thanks to the built-in voice assistant, all you have to do is give a command to operate the device, which greatly enhances the user experience. This is an indispensable feature for situations when your hands are busy or you simply don't want to reach for the screen.

## **Ready to work in all conditions**
