

## **HOTWAV A17 Pro Max smartphone (black)**

Model: A17 Pro Max Black

Manufacturer: HOTWAV

EAN: 6971593174765

Product Code: 303572

## **R3,107**

### **HOTWAV A17 Pro Max smartphone (black)**

The HOTWAV A17 Pro Max is a smartphone designed for people who expect more fluidity, intelligence, and freedom in their everyday lives. The large, extremely smooth 120 Hz screen impresses with its image quality, and the slim and lightweight design makes the phone fit perfectly in your hand. Gemini's advanced artificial intelligence makes everyday tasks easier, inspires creativity, and supports you in every situation, while the powerful processor and Android 15 system ensure a comfortable working experience. The whole thing is complemented by an elegant metal casing, solid cameras, precise security features, and a capacious battery that will easily keep up with you from morning until late at night.

### **Intelligence that keeps up with you**

The HOTWAV A17 Pro Max takes artificial intelligence to a whole new level. The Gemini 2.5 Flash model used is one of Google's most advanced AI systems, designed to perfectly combine speed, high performance, and intelligent inference. It is Google's first model with advanced "thinking" capabilities that can answer complex questions, analyze photos, generate images based on descriptions, and support creative brainstorming with the Gemini Live feature. Integration with Google apps such as YouTube and Maps makes everyday phone use more intuitive.

## **Smoothness visible with every touch of the screen**

The display in the HOTWAV A17 Pro Max is designed for maximum image smoothness. 120 Hz Seamless Motion Display technology makes every scroll, drag, and animation move across the screen with ease, creating an almost "gliding" image effect. The high refresh rate turns everyday smartphone use into a visual symphony of smooth transitions and crystal clarity, which will be especially appreciated by gamers, multimedia enthusiasts, and those who frequently use video streaming.

## **Large screen, cinematic experience, and clear graphics**

The smartphone features a large 6.75-inch HD+ display with a 20:9 aspect ratio, offering a wide, cinematic space for watching movies, browsing content, and gaming. The screen's 90% screen-to-body ratio makes the bezels almost invisible, and the ultra-slim design further enhances the experience. What's more, the 420 nits brightness ensures good image readability in a variety of conditions.

## **Lightness and elegance in your hand**

The HOTWAV A17 Pro Max redefines the concept of a slim smartphone. Weighing only 225 grams and measuring only 8.5 mm thick, it fits perfectly in your hand and remains comfortable even during prolonged use. The back cover of the smartphone is made of aluminum and titanium alloy, which ensures the aesthetic and durable character of the device. Every curve and every detail of the case has been designed to combine precision engineering with minimalist beauty, giving the phone a modern and elegant look.

## **A powerful battery for a whole day's work**

The HOTWAV A17 Pro Max's long and reliable performance is ensured by a 5160 mAh battery, designed for intensive use. It allows you to stream, talk, navigate, and play games all day long without constantly reaching for the charger. The smartphone offers up to 400 hours of standby time, up to 22 hours of talk time, and up to 33 hours of music playback, making it a great choice for those who value mobility and independence from power outlets.

## Smooth, intuitive system

The HOTWAV A17 Pro Max runs on Android 15 and is equipped with a powerful ASR8662 octa-core processor that ensures smooth application performance and stable system operation. The smartphone allows you to record video in 1080P quality, offers 13 MP and 5 MP cameras, as well as Bluetooth 5.4 connectivity. Security and convenience are ensured by a side fingerprint reader and Face Unlock feature. In addition, support for GPS, Galileo, Glonass, and Beidou satellite navigation systems guarantees precise positioning in any situation.

## Included in the box

- smartphone
- data cable
- 10W charger
- colored protective film
- user manual
