0.03ms (GtG) response time, ensuring ultra-smooth, crystal-clear visuals. Certified by VESA for ClearMR 21000 and DisplayHDR True Black 500, it guarantees stunning image quality and reduced motion blur. OLED Care 2.0 technology helps prevent burn-in, extending the panel's lifespan. Console gamers are also covered, with HDMI 2.1 ports supporting 48Gbps bandwidth, 120Hz refresh rate, VRR, and ALLM for a next-gen console experience.

MSI's mainstream MAG series epitomizes stability and durability and is built to withstand the most intense gaming sessions. The entire lineup features robust construction with metallic-like hardness and excellent heat dissipation, ensuring stability for all critical gaming components.

Smarter 24-Hour OLED Refresh

Protection Without Disruption

The panel refresh cycle has been extended from 16 to 24 hours, reducing interruptions during gameplay or work. Users will only see a reminder 30 minutes before the refresh, ensuring minimal disruption. The refresh still activates automatically when the monitor enters standby or powers off, maintaining full OLED protection without compromising your experience.

New EOTF Boost HDR Mode

MSI QD-OLED monitors introduce EOTF Boost Mode, a new HDR feature optimized for higher brightness. Compared to Peak 1000 nits mode, EOTF Boost delivers greater luminance under the same APL (Average Picture Level) conditions. When enabled, it enhances brightness performance and outperforms Peak 1000 nits mode.

Extreme Refresh Rate, Sharper Gameplay

The ultra-fast 500Hz refresh rate minimizes motion blur and enhances clarity during high-speed action, delivering ultra-precise visuals that help you track, aim, and react with confidence.

Confidence Guaranteed

MSI OLED monitors are designed for long-lasting, breathtaking visuals. The custom heatsink design and advanced graphene film improve heat dissipation, while dedicated software to reduce the chances of burn-in over time.

- The latest 3rd-Gen QD-OLED Panel – With stunning image quality and fast response time

- Fastest 0.03ms GtG response time and 500Hz refresh rate
- QD Premium Color – Ensures the color meets the market standard – Delta E≤2
- Incredible HDR visual – VESA DisplayHDR True Black 500
- Crystal-Clear Motion – VESA ClearMR 21000 certified
- MSI OLED Care 2.0 – Reduced the risk of OLED image sticking / burn-in
- Console Mode – Optimized for seamless compatibility with gaming consoles like PS5 and Xbox Series X/S
- 3-Year Burn-In Warranty – Including coverage for OLED burn-in

Summary: MSI MAG 272QP QD-OLED X50. Display diagonal: 67.3 cm (26.5"), Display resolution: 2560 x 1440 pixels, HD type: Wide Quad HD, Display technology: QD-OLED, Response time: 1 ms, Native aspect ratio: 16:9, Viewing angle, horizontal: 178°, Viewing angle, vertical: 178°.
