

MEMORY DIMM 48GB DDR5- 8200 K2/8200C4052G24GX2- TZ5CRK G.SKILL

Model: F5-8200C4052G24GX2-TZ5CRK

Manufacturer: G.SKILL

EAN: 4713294237545

Product Code: 310066

R17,964

Trident Z5 CK RGB series is the latest flagship overclock performance DDR5 CU-DIMM memory from G.SKILL, featuring a built-in clock driver (CKD) for signal stability, a sleek heatspreader in glossy piano black finish, and customizable RGB lighting. Made with hand-selected memory IC, the Trident Z5 CK RGB series is the ideal performance memory choice for overclockers and enthusiasts.

Trident Z5 CK RGB series is the latest flagship overclock performance DDR5 CU-DIMM memory from G.SKILL, featuring a built-in clock driver (CKD) for signal stability, a sleek heatspreader in glossy piano black finish based on the Trident Z5 family classic fin design, and customizable RGB lighting via software. Made with hand-selected memory IC, the Trident Z5 CK RGB series is the ideal performance memory choice for overclockers and enthusiasts to build a system with the latest Intel® Core™ Ultra 200 K-series desktop processor and Intel® Z890 chipset motherboard.

Built-In Clock Driver (CKD)

CU-DIMM is a new variant of DDR5 memory for desktop computer platforms, featuring a built-in clock driver (CKD) on the memory module. The CKD chip strengthens the clock signal from the memory controller to the memory chips on the memory module, resulting in a clearer signal and improves overall stability during high-frequency operation.

Extreme Memory Performance with Intel Platform

G.SKILL is dedicated to develop performance overclocked memory kits. Developed and optimized on Intel platforms with CU-DIMM memory support, Trident Z5 CK RGB taps into the speed potential of DDR5 to bring a whole new level of performance to worldwide overclockers and PC enthusiasts.

Elegant and Classy

Continuing the design legacy of the Trident Z5 family, the Trident Z5 CK RGB series features aluminum alloy heatspreaders with a sleek and streamlined aesthetic design. Electroplated and polished in a high-quality piano black mirrored finish, the Trident Z5 CK RGB series combines beauty and performance for a dream PC system build.

Streamlined RGB Light Bar

Designed with a streamlined light bar, the Trident Z5 CK RGB looks sleeker than ever. Featuring customizable RGB lighting through the G.SKILL lighting control software or supported third party motherboard software, personalizing the colors and lighting effects of the Trident Z5 CK RGB is a breeze.

Engineered for Exceptional DDR5 Experience

Each and every Trident Z5 CK RGB memory kit is tested under G.SKILL's rigorous validation process to ensure outstanding quality.

Summary: G.Skill Trident Z5 CK RGB F5-8200C4052G24GX2-TZ5CRK. Component for: PC, Internal memory: 48 GB, Memory layout (modules x size): 2 x 24 GB, Internal memory type: DDR5, Memory clock speed: 8200 MHz, Memory form factor: 288-pin DIMM, CAS latency: 40 | Vendor Homepage: <https://www.gskill.com/> | AMD Extended Profiles for Overclocking (EXPO): Yes | Backlight: Yes | Backlight colour: Multicolour | Buffered memory type: Unregistered (unbuffered) | CAS latency: 40 | Component for: PC | Cooling type: Heatsink | ECC: No | Intel Extreme Memory Profile (XMP): Yes | Intel Extreme Memory Profile (XMP) version: 3.0 | Internal memory: 48 | Internal memory type: DDR5
