

NET ROUTER 10/100M 5PORTS/RUT301 TELTONIKA

Model: RUT301

Manufacturer: TELTONIKA

EAN: 4779051840786

Product Code: 310892

R1,700

RUT301

INDUSTRIAL ETHERNET ROUTER

The RUT301 is one of the most cost-efficient industrial Ethernet routers in the IoT market, providing robust network connectivity with advanced security features. This Ethernet router comes with five Ethernet ports, two configurable digital I/Os, and a USB 2.0 port for easy compliance with industrial machinery, enterprise, or retail equipment. Additionally, the RUT301 has a pre-configured firewall and supports multiple industrial communication protocols.
