Crafted from PC material with a refined finish, this backplate provides a pristine and scratch-resistant surface that serves as a defining feature of the keyboard's clean and modern identity.

SWITCH

SILKY SMOOTH, ULTRA rESPONSIVE

660 Hours of Use on A Single Charge

Don't wait for a full charge—operate it even while charging and enjoy uninterrupted usage with an impressive continuous battery life of up to 660 hours (with backlight turned off). Based on 5 hours of daily use, that's enough to keep you creating, working, or gaming for approximately 4 months. This ensures you can rely on your device for extended periods without the need for frequent recharging.

2.4 GHz & Bluetooth Connection

The Q6 Ultra 8K features a high-speed 8000 Hz polling rate in both wired and 2.4 GHz wireless modes, ensuring the lowest possible input lag and ultra-responsive performance. For seamless multitasking across your computer, phone, and tablet, you can effortlessly connect the Q6 Ultra 8K via Bluetooth 5.2 to three devices.

An Epic Core Inside The Keyboard

Engineered with a powerful chip (MCU) with 1MB flash to provide more flexibility for developers. The polling rate is 8000 Hz both in 2.4 GHz and wired mode, which makes the latency hardly noticeable even in competitive games, delivering optimal performance.

Keychron Silk POM Switch

The Keychron Q6 Ultra 8K comes with pre-lubed Keychron Silk POM Switch with high-performance designed for gamers and typists who demand precision, durability, and an exceptional typing experience. Crafted from high-quality POM housing and stem, our switches ensure outstanding durability and resistance to wear over time. This premium material provides a smooth and consistent keystroke, enhancing your overall typing experience.

- The keyboard PCB, the case, and the PC plate.
- Keycaps (including Mac & Windows keycaps).
- Keychron Silk POM Switches.
