Copilot is available in select global markets and will be rolled out to additional markets over time. Learn more. Copilot functionality is limited and has specific system requirements.

The screen-to-body ratio is calculated based on the visible body area of the display when the laptop is opened to 90 degree and the active display area. Percentage varies according to device configuration.

The testing regime includes the requirements of both military-grade standards and ASUS quality tests and varies depending on device. MIL-STD-810H testing is conducted on selected ASUS products only. Note that the MIL-STD-810H testing helps to ensure the quality of ASUS products but does not indicate a particular fitness for military use. Similarly, the test results should not be considered an indication or guarantee of future performance under the specified test conditions. Damage occurring under these test conditions or any attempt to replicate them would be considered accidental and would not be covered by the standard ASUS warranty. Additional coverage is available with ASUS Premium Care. [†]

Summary: ASUS Vivobook 16 M1607KA-MB186W Copilot+ PC. Product type: Laptop, Form factor: Clamshell. Processor family: AMD Ryzen™ AI 5, Processor model: 330, Processor frequency: 2 GHz. Display diagonal: 40.6 cm (16"), HD type: WUXGA, Display resolution: 1920 x 1200 pixels. Internal memory: 16 GB, Internal memory type: DDR5-SDRAM. Total storage capacity: 512 GB, Storage media: SSD. On-board graphics card model: AMD Radeon 820M. Operating system installed: Windows 11 Home.
