display is treated with glare coating, ensuring clear visibility, and the incorporation of ASUS GamePlus and GameVisual Technology enhances the gaming experience by providing customizable options for optimizing game visuals and performance. In addition to impressive graphics, this monitor features a range of ergonomic adjustments, including height, tilt, swivel, and rotation, allowing users to customize their viewing experience for maximum comfort. For connectivity, the monitor comes equipped with multiple HDMI and DisplayPort inputs, along with a built-in USB 3.2 Gen 1 hub, making it effortless to connect multiple devices. The brightness of 1500 cd/m² and a contrast ratio of 1500000:1 ensure visuals, whether for gaming, watching movies, or professional work. The ASUS ROG Strix XG27AQWMG embodies the blend of performance and aesthetics, making it an ideal choice for those seeking a high-quality display.
