

Axagon RVC-HI8KPD, USB-C - > HDMI 2.1 adapter, 8K/60Hz, 4K/144Hz, HDR10+, PD100W

Model: RVC-HI8KPD

Manufacturer: AXAGON

EAN: 8595247908773

Product Code: 398529

R1,280

USB-C-> HDMI active adapter AXAGON RVC-HI8KPD for connecting an HDMI monitor /TV/projector to a notebook, tablet or mobile phone using USB-C connector. This adapter allows you to easily use your existing HDMI cable to connect devices such as an Apple MacBook Air or Pro.

This compact hardware converter requires no installation and delivers excellent image quality up to 8K/60 Hz Ultra HD resolution. 8K resolution support lets you enjoy videos in stunning quality, while high HDMI refresh rates ensure a top-notch experience when watching movies, videos, or playing games. Popular resolutions such as 4K/144 Hz Ultra HD, 2K/240 Hz Quad HD, or 1080p/240 Hz Full

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. HD are also supported. Thanks to HDR (High Dynamic Range) support, you can enjoy a wide range of colours and contrast without any compromises.

A unique feature of this video adapter is the USB-C PD connector, designed exclusively for charging phones and laptops using Power Delivery 3.0 technology with up to 100 W of power. Simply connect a compatible USB-C charger with Power Delivery support and link the video adapter to your laptop. This not only ensures charging but also frees up one USB-C port on your laptop for other uses.

The Plug and Play technology make it ideal not only for professionals but also for home users who want to easily and efficiently expand their multimedia setup.

Enjoy a home cinema experience with up to 8K resolution or use the adapter for conferences and presentations. It's perfect for schools and interactive spaces where computers are frequently connected to HDMI devices. Graphic designers and video creators will appreciate the detailed display. The adapter is compatible with monitors from brands like Dell, HP, Lenovo, ASUS, Samsung, LG, Sony, MSI, and more, ensuring its versatility and reliability.

With HDCP 2.3 support, you can enjoy your favourite streaming services in 8K / 4K resolution without limitations, including Netflix, Disney+, HBO Max, Amazon Prime, and Apple TV+. It also supports lossless audio transmission, best enjoyed on modern TVs. HDCP support must be enabled on all connected devices as well as by the streaming service itself.

The adapter is made from high-quality materials, ensuring great reliability. The cable and connectors are protected against bending, which extends their lifespan. The adapter features a 16 cm flexible silicone cable, which offers greater flexibility, durability, and more comfortable handling compared to standard cables.

A USB-C port with DisplayPort Alternate Mode (DP Alt Mode) support or a device with Thunderbolt 3/4 port is required for the adapter to function properly. The adapter is only oneway, i.e. USB-C to HDMI, not otherwise.

Input (connection to computer or mobile device):

- USB-C with DisplayPort Alternate Mode or Thunderbolt 3/4/5 support.
- USB type C (M) male connector.
