Mini DisplayPort -> HDMI active adapter AXAGON RVDM-HI14N to connect HDMI monitor/TV/projector to the computer with the Mini DisplayPort output.

The smart hardware converter without the need for any installation or setup ensures high-quality transfer of image and sound with a resolution up to 4K/30Hz.

Video and audio transfer from a computer or laptop will now be easy. Compact dimensions ensures easy use even in insufficient space. This is a convenient solution if you already own an HDMI cable - you only add a reducer.

The adapter is only one-way, i.e. Mini DisplayPort to HDMI, not otherwise.
