

FORME FKG-1017

Model: FKG-1017

Manufacturer: FORME

EAN: 4744368014892

Product Code: 402225

R1,157

Stylish and easy to use multi-temperature Glass kettle offers you multiple brewing options at the touch of a button. Choose between 40°C and 100°C, for the perfect cup of tea or coffee. Achieving the correct water brewing temperature is essential for optimum flavour extraction of teas and coffees. Brewing temperatures for green tea and black tea vary considerably. Green tea will not maintain its flavour or therapeutic properties if the water is too hot and black tea will never reach its peak if the water is not hot enough. You can not only heat the water up to the desired temperature, but also choose the keep warm function to hold needed temperature during 2 hours.

Kettle Features:

- Capacity: 1.7 L
- Temperature heating control: 40°C - 100°C.
- High borosilicate glass, durable and stain resistant.
- Keep warm function and LED lighting - blue.
- Dechlorination of water.
