Model: TLL191031

Manufacturer: TELLUR

EAN: 5949120002561

Product Code: 402813

R695

Enjoy your workout without worrying about your smartphone! Great for running, cycling, walking, hiking, and other high intensity workouts, the A100 Detachable smartphone armband secures your device on your arm. It has an adjustable strap that ensures a comfortable fit for all body types and, thanks to the Lycra and Neoprene build, the armband is stretchable and washable while offering a soft, breathable & lightweight wearing experience. Also, an extra layer of fabric makes the armband sweat resistant. Made of a stretch resistant silicone, the phone holder is compatible with all 4 - 6.5 inches devices and can easily be detached from the armband. You can adjust the viewing angle by simply rotating your phone on the armband. Enjoy full access to all buttons and controls of the smartphone, including the face ID, light sensor, home button and finger sensor.
