The Sunne Phone Wallet Case is made in full grain genuine leather and serves with both protection for your smartphone and a stylish look. The phone wallet has smart features such as room for both credit cards, ID, a billpocket, and a stand function. There is also a cutout for the speaker and microphone so you can talk while having the lid closed. The phone wallet case also gives you better grip and is also compatible with wireless charging so you practically never have to detach and attach the case. Your smart phone will be securely fixed in a protective cover inside the wallet. Sunne collection is a master of discreet and true luxury. The phone wallet is a handcrafted premium product with a mix of fabric and modern vintage leather and room for 2 credit cards. The soft inner lining enhances the feeling of luxury. By unifying sharp tailoring and genuine vintage leather you get a sleek and elegant cover wrapping your phone in a sophisticated style. The genuine leather of Sunne ages with beauty and by following your adventures it matures and gets even smarter over time.
