Let water be your element!
Everyone who likes to relax in the swimming pool or to search for treasures in the sea needs a camera with which you can capture and keep the greatest moments in, on and under water!
This works best with the Aquapix W2024 Splash. This digital underwater camera is waterproof down to three meters, doesn't get lost thanks to the attached hand strap and captures sharp pictures even in rough water, because of the anti-shaking function.
Protected on the outside the W2024 Splash is packed full with great technology on the inside. With an 8x digital zoom and a resolution up to 16 megapixels your pictures will always be fantastic. Take photos of the colourful underwater world and don't forget the setting sun and your surfing friends.

Features:
Waterproof up to 3m
