

Zalman ZM-F3 FDB(SF) 120mm, FDB Bearing, 1200RPM

Model: ZM-F3 FDB(SF)

Manufacturer: ZALMAN

EAN: 8809213766015

Product Code: 403375

R705

Fluid dynamic bearing (FDB)

FDB (Fluid Dynamic Bearing) structure generates high pressure oil layer on micro channel's intersecting point, which prevents friction between the fan's shaft and bearing, thus resulting in maximum fan lifespan (150,000hrs) with minimum noise.

Shark fin blade design

Optimized for maximum airflow, Shark`s Fin blade greatly reduces the turbulence caused by fan rotation, thus decreasing the noise and vibration while increasing the airflow.

Minimized noise and vibration

Minimized noise and vibration through lowest rpm.

Silicone pin provided

Silicone pin absorbs the vibration between the fan and the case allowing a quiet work environment.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. Performance

Suitable for:	Computer case
Type:	Fan
Supported processor sockets:	Not supported
Compatible processor series:	Not supported
Fan diameter:	12 cm
Rotational speed (max):	1200 RPM
Noise level (low speed):	20 dB
Noise level (high speed):	23 dB
Mean time between failures (MTBF):	150000 h
Bearing type:	Fluid Dynamic Bearing (FDB)

Design

Number of fans:	1 fan(s)
Colour of product:	Black, Transparent
Material:	Plastic

Power

Voltage:	12 V
----------	------

Weight & dimensions

Height:	25 mm
Width:	120 mm
Depth:	120 mm
Weight:	100 g
