Model: U21MAC0118

Manufacturer: MANTA

EAN: 5903089907374

Product Code: 403519

R11,836

U21MAC0118 Manta Multi 2:1 outdoor air conditioner R32 5.0kW

Description:

Manta wall-mounted air conditioners are characterized by high-quality workmanship, very good operating parameters and functions present only in high-end air conditioners. Each Manta air conditioner has antibacterial filters with silver ions and a built-in Wi-Fi module necessary for remote control via a smartphone. Another very important function is the intelligent 3D airflow controlled by a smartphone or wireless remote control. For the production of Manta air conditioners, we use only proven, high-quality components, among others GMCC and SANYO compressors. At every stage of production - from the moment of starting production to packing in cardboard boxes - all air conditioners and their components undergo detailed quality control carried out by independent entities.
