R705

Krusell leather smartphone wallet is the Ideal and most elegant protection for your smartphone. The quality cow leather together with the exquisite workmanship gives you a great feeling of satisfaction. The inside cover is made of extremely durable polycarbonate which gives fantastic protection despite the slim design. There is also a super soft inside lining that gives the product the feeling that even the smallest detail is taken care of. The cover has precision cutouts for all connections and buttons on the smartphone so you can access all functions and sockets whenever it's needed. You can get it in the classic colors cognac brown or black.

Credit cards, ID cards, and cash can be conveniently and easily stowed inside the two big pockets, so this leather smartphone phone case can also be used as your personal wallet.

The wallet leather frontside protects your phone's screen in a very stylish and convenient way when kept closed and locked with the practical magnet lock.
