

Subsonic Wired Controller Colorz Neon Blue for Switch

Model: SA5488-1

Manufacturer: SUBSONIC

EAN: 3760192210775

Product Code: 403806

R996

Features

Subsonic Pro S Colorz controller for Nintendo Switch system

The unique design and fun colours for your Nintendo Switch games

Equipped with a gyroscope, the Colorz controller from Subsonic, offers you an optimum gaming experience for all compatible games such as Mario Kart 8 Deluxe, Zelda Breath of the wild, Mario Odyssey, Super Smash Bros ultimate

With its optimized vibration engine, this controller will give you optimal playing sensations

It has been designed to offer remarkable grip and playing comfort with its concave analog joysticks for greater precision and curved rear triggers for perfect grip

No more battery charging problems, connect your controller directly to the console (remember to allow wired controllers in the console menu) and find true freedom of movement with its 3 meter cable
