

Revamp Progloss Hydro Shield X Shine Straightening iron Warm Black 3 m

Model: ST-1800-EU

Manufacturer: REVAMP

EAN: 5010777154153

Product Code: 403828

R3,037

Featuring heat protection technology, four ionic jets and variable digital heat settings from 80°C to 235°C, the Progloss™ Hydro Shield X Shine Ceramic Hair Straightener intuitively regulates and adjusts the temperature to prevent your hair from overheating. The floating ceramic plates are longer in length (11cm, to be exact) for even more coverage and enhanced one-stroke styling. Naturally, the plates are infused with Revamp’s signature blend of keratin, argan and coconut oils to leave you with silky, shiny hair that looks healthy and feels heavenly. Suitable for all hair types, this straightener even offers optimal heat setting options for fine, medium or thick hair, so you won’t have to use more heat than you need. Features a 3-metre salon swivel cable (for a more comfortable styling session), an auto shut-off feature after 60 minutes of non-use (for added peace of mind) and

a silicone heat-resistant mat (just in case).

Take a kinder approach to your styling session and discover why the Revamp Progloss™ Hydro Shield X Shine Hair Straightener is a changing the haircare game.

Safer Styling

As you style your hair, the innovative, smart sensor heat protection system will detect potential rises in temperature levels and adjust it as needed to prevent unnecessary damage and stop your hair from overheating.

Ionic Jet Technology

Staying true to its roots (pun fully intended), this hair straighter features floating ceramic plates infused with Revamp’s unique Progloss™ oils – a triple threat of keratin, argan and coconut oil. This clever coating leaves your hair soft, smooth and with a shine that can’t be missed.

[Straight]forward

Easy and convenient to use, the Hydro Shield Straightener comes with a 3-metre salon grade cable for increased comfort and flexibility. It also comes with added peace of mind in the form of an auto shut-off feature (meaning it will power down after 60 minutes of non-use) and a silicone heat-resistant mat.
